## **DETAILED ACTION**

### ***Summary of Action***

- I. The rejection of claims 15-17 and 18 under 35 USC 112, first paragraph, will not be maintained in light of the amendment.
- II. The rejection of claims 15-17 under 35 USC 102(b) will not be maintained in light of the amendment.
- III. The rejection of claims 15-20 under 35 USC 103(a) will be maintained for the reason of the record.
- IV. Enclosed is an initialed copy of PTO 1449 which has been considered for your records, Supplemental IDS filed on 10/28/02 and 1/31/03.

### ***Status of Application***

By amendment filed January 31, 2003, Claims 22-38 and 40-51 have been cancelled; Claims 15, 17, 18 and 19 have been amended; and Claims 52-65 have been newly added. Claims 15-20 and 52-65 are currently pending.

### ***Claim Rejections - 35 USC § 103***

The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

Art Unit: 1614

The factual inquiries set forth in *Graham v. John Deere Co.*, 383 U.S. 1, 148 USPQ 459 (1966), that are applied for establishing a background for determining obviousness under 35 U.S.C. 103(a) are summarized as follows:

1. Determining the scope and contents of the prior art.
2. Ascertaining the differences between the prior art and the claims at issue.
3. Resolving the level of ordinary skill in the pertinent art.
4. Considering objective evidence present in the application indicating obviousness or nonobviousness.

Claims 15-20 and 52-65 are rejected under 35 U.S.C. 103(a) as being unpatentable over Lyons et al. (GB 2312165 A) in view of Michael et al. (US 6174520 B1).

This rejection is analogous to the original rejection.

### ***Response to Arguments***

Applicant's arguments filed January 31, 2003 have been fully considered but they are not persuasive.

In response to applicant's argument that there is no suggestion to combine the references, the examiner recognizes that obviousness can only be established by combining or modifying the teachings of the prior art to produce the claimed invention where there is some teaching, suggestion, or motivation to do so found either in the references themselves or in the knowledge generally available to one of ordinary skill in the art. See *In re Fine*, 837 F.2d 1071, 5 USPQ2d 1596 (Fed. Cir. 1988) and *In re Jones*, 958 F.2d 347, 21 USPQ2d 1941 (Fed. Cir. 1992).

### ***Conclusion***

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
